b i p t e x k z a b
h u m d e j c z m d

Find the hidden words in the wordsearch and mark them off. They go in all directions; even backwards. When you have finished, start at the top left corner and read across as normal from left to right and then to the next line and so on.

As you come to an unused letter, write it into the next space below and when all the spaces are full you will have found a hidden message. The first letter has been done for you.
